Recognition regarding Nanyin's application for the World Intangible Culture Heritage

Since 1980s, the China Nanyin Society has made contributions to the development of Nanyin by hosting symposiums on Nanyin, publishing journals, introducing its historical cultural value and its unique art form. We call for the government and society to take measures to protect and uphold Nanyin, recognize and support it to be included in the World Intangible Culture Heritage list.
