Main activity is in Norway but we take part in a network of coastal and maritime cultural preservation in the Nordic countries as well as having exchange projects on local level in Croatia and Zanzibar. We are active members in the organisation European Maritime Heritage (EMH).

4. Date of its founding or approximate duration of its existence

Please state when the organization came into existence.

The Norwegian Coastal Federation (Forbundet KYSTEN) is an organisation dedicated to the preservation of Norwegian coastal and maritime cultural heritage. Refering to the mission statement from the bylaws in the organisation the main objectives is: Promoting preservation of the general use of traditional vessels, buildings, facilities and the coastal environment in general, conducting informational activities to boost understanding of the value of human and cultural traditions for Norway’s coastal history, maintaining and developing traditions in industry and craftsmanship, seamanship and ways of life, and raising the professional standard of maintenance and safety in the use of vessels and facilities.

The motto of the Norwegian Coastal Federation (Forbundet KYSTEN) is “preservation through use”. This means that the focus on the safeguarding programs and activities is the intangible elements of the coastal and maritime cultural heritage.

The federation Forbundet KYSTEN was founded in 1979. At the end of 2014, the Association have about 10 000 members throughout Norway and 126 local branches along the whole coast of Norway.

Forbundet KYSTEN is the main voluntary organisation in Norway within the field of preservation of coastal and maritime cultural heritage.

The head quarter of the federation is located in Oslo which give us the possibility to make close contact with politicians at a national level as well as promoting actions and program in collaboration with institutions like the Ministry of culture, associations for adult education, cultural and educational programs for museums, traditional craft associations and educational institutions.

The main activities is carried out by our local branches and is based on voluntary work which is the foundation for almost all the work and activities. The local branches objectives is to preserve local maritime and coastal cultural heritage. They aim to create social network and communities around local maritime heritage. The local organisations work on local and regional assignments in accordance with the Federation’s statutory objectives. The local branches themselves determine their areas of focus, providing this is in accordance with the federation’s mission statement.
6. The organization’s activities in the field of safeguarding intangible cultural heritage

Sections 6.a to 6.c are the primary place to establish that the NGO satisfies the criterion of having ‘proven competence, expertise and experience in safeguarding (as defined in Article 2.3 of the Convention) intangible cultural heritage belonging, inter alia, to one or more specific domains’ (Criterion A).

6.a. Domain(s) in which the organization is active

Please tick one or more boxes to indicate the primary domains in which the organization is most active. If its activities involve domains other than those listed, please tick ‘other domains’ and indicate which domains are concerned.

- ☑ oral traditions and expressions

6.c. Description of the organization’s activities

Organizations requesting accreditation should briefly describe their recent activities and their relevant experience in safeguarding intangible cultural heritage. Please provide information on the personnel and membership of the organization, describe their competence and expertise in the domain of intangible cultural heritage and explain how they acquired such competence. Documentation of such activities and competences may be submitted, if necessary, under section 8.c below.

Not to exceed 750 words; do not attach additional information

The Norwegian Coastal Federation (Forbundet KYSTEN) is made up of 126 local branches that are based all along the Norwegian coast. Its activities are primarily concerned with local traditions and cultural heritage.

There are two classes of membership in our organisation: full members and youth members (up to 26 years of age). Most full members are individuals, but our list of full members also includes museums, schools and other associations. Approximately 90 per cent of our membership is accounted for by members of our 126 local branches, which are spread out along the entire coast of Norway. The remaining 10 per cent are direct members of the central federation. The total number of members is 10012. Both the number of local branches and the total membership have increased steadily year-on-year since the federation was established in 1979.
The Norwegian Coastal Federation (Forbundet KYSTEN) is a democratic membership organisation. The national congress is the executive body, consisting of delegates from all of the local branches. The national congress elects the national executive. Each of the local branches can send one delegate to the national congress. Decisions are also made at the national congress regarding strategy, action plans and budgets.

Our Magazine "KYSTEN" ("The Coast") is published with 5 copies per year and goes automatically to all members as well as to a large number of museums, schools, craft producers and others.

The local branches are responsible for most of our activities. These are wide and varied in nature, though with an emphasis on maintaining, transferring and developing knowledge and skills within the fields of coastal culture and maritime intangible cultural heritage. Here are some examples: preservation and use of historical boats (from small rowing and sailing boats to historically significant sailing ships and steamers); documentation and recording of both tangible cultural monuments and procedural knowledge about maritime cultural heritage; the practice and passing on of traditional handicrafts and skills such as boatbuilding, sail making, rope making and rope work and textile traditions; antiquarian (both practical and theoretical) knowledge about the restoration, maintenance and construction of vessels and buildings (such as lighthouse stations, harbour buildings, boathouses and historically significant shipyards and boatyards); traditional seamanship and navigation; sailing; rowing; knowledge about coastal waterways and landmarks; songs and musical traditions from the coast; rituals and social gatherings (e.g. when launching and landing boats); the oral storytelling tradition along the coast (both collection and presentation); care and maintenance of old steam-powered engineering; practical knowledge about the operation of larger vessels; rigging of sailing ships; food traditions at sea, etc.

Many of these activities are organised as courses in partnership with our own study association (Studieforbundet kultur og tradisjon), in compliance with the regulations and guidelines contained in the Norwegian Act on adult education. This also means that the courses are prepared in accordance with the methods and practice of Nordic adult-education tradition, which emphasises non-formal education, participant-led and democratic access to learning. Our courses emphasise the procedural transfer of action-borne knowledge as their central method. According to the strategy we have adopted, the main objective of the study association is that "it should be possible for everyone living in Norway to become familiar with and learn about cultural expressions and folk traditions in a constructive and secure environment of fellowship".

The organisation has six employees at central level: five who make up the administrative office, based in Oslo, plus the editor of our periodical, KYSTEN. These employees possess specific technical knowledge relating to their areas of responsibility, including history, ethnology, anthropology, journalism and communication. However, the most important technical expertise is found at local level. In many coastal communities, our local branches are the only remaining groups that possess and are passing on knowledge and skills within the field of intangible maritime cultural heritage.

The local branches arrange regular trips, expeditions, gatherings and festivals in partnership with the municipalities and other local organisations working to preserve cultural heritage.

The central organisation of the Norwegian Coastal Federation arranges regional and national courses, conferences and specialist gatherings, often in partnership with regional and national cultural authorities, experts and craftspeople.

The Federation's national convention, organised as a maritime festival, takes place annually over four days in July. This event gathers together traditional boats and ships from all along the Norwegian coast, as well as visiting vessels from other countries. At the convention, there are technical lectures and seminars, and practitioners of traditional maritime handicrafts meet to exchange information and hold workshops.
7. The organization's experiences cooperating with communities, groups and intangible cultural heritage practitioners

The Committee will evaluate whether NGOs requesting accreditation "cooperate in a spirit of mutual respect with communities, groups and, where appropriate, individuals that create, maintain and transmit intangible cultural heritage" (Criterion D). Please briefly describe such experiences here.

Not to exceed 350 words; do not attach additional information

The local branches bring together members and active specialists who possess important knowledge and skills relating to local maritime intangible cultural heritage. The activities can be described as learning in local practising communities, with the local tradition bearers and practitioners of traditional handicrafts playing an important role in the transfer of knowledge. Almost all of the local branches include key local tradition bearers and practitioners of traditional handicrafts. Many of the tradition bearers represent traditional knowledge that has been passed down through many generations. In the case of some of the specialised fields, such as boatbuilding, this traditional knowledge may go back as far as 300 or even 500 years.

Many of our local branches work together with local coastal and maritime museums around the coast, with members taking an active part in work to preserve their boat collections and buildings. We have developed a collaboration model under which our members take care of the practical knowledge relating to these cultural monuments, with an emphasis on sailing, rowing, active use, communication and knowledge transfer. We now have an opportunity to further develop this collaboration model, as the Norwegian Ministry of Culture has recently given the museums administrative responsibility for the intangible aspects of cultural heritage within their fields.

Last year, the Norwegian Coastal Federation and UiT, The Arctic University of Norway in Tromsø, took the initiative to develop the "Centre for Outstanding Boatbuilding". For almost 20 years, the University has employed a traditional boatbuilder, who has worked to pass on traditional knowledge about boats from northern Norway. Now the intention is to set up a centre with national responsibility for transferring traditional knowledge relating to the most important local and regional boat types in Norway. The centre has created affiliations with traditional boatbuilders within the various boatbuilding traditions, and emphasis will be placed on the practice of traditional boatbuilding, as well as the documentation and recording of local handicap techniques. The University acknowledges the high level of expertise and the complex knowledge represented by traditional boatbuilding.

8. Documentation of the operational capacities of the organization

The Operational Directives require that an organization requesting accreditation submit documentation proving that it possesses the operational capacities listed under Criterion E. Such supporting documents may take various forms, in light of the diverse legal regimes in effect in different States. Submitted documents should be translated whenever possible into English or French if the originals are in another language. Please label supporting documents clearly with the section (8.a, 8.b or 8.c) to which they refer.

8.a. Membership and personnel

Proof of the participation of the members of the organization, as requested under Criterion E (i), may take diverse forms such as a list of directors, list of personnel and statistical information on the quantity and categories of members; a complete membership roster usually need not be submitted.

Please attach supporting documents, labelled 'Section 8.a'.
9. Signature

The application must include the name and signature of the person empowered to sign it on behalf of the organization requesting accreditation. Requests without a signature cannot be considered.

Juku

I ordsamlinga til Norsk Ordbok ligg det om lag 70 setlar med opplysningar om ordet jukse. Til saman gjev deit eit noke-
lunde godt bilde av fiskereikspanen, bru-
ken og utbreininga av han. Det er klart at dette er eit sær gammal handreiskap, eldre enn mykje anna vi no bruker for å få fiskan opp av havet.

Det eldste skriftlege sporret etter ordet fører til mellomalderen, til sag-
ane om dei islæranske biskopane, skrivne mellom 1200 og 1350. Der förelj
forma djupshön. Innhaldet omset ein gje meid av 'fiskehøne'. Den svenske forskaren Ivar Modéer har sett fram ein teori om at det opphavlege ordet heller må vere djúppskón, med innhald nærmast 'fisketruk for store djup'. Han meiner at den islæranske forma ikkje kan vere den opphavlege, og at norske former som djupsagn, juksagn, jukse, jukse og jusjögn også kan vere nyare omlagingen av djúppskón, kanskje påverka av nordnorsk talemål. For sisteleden har ein også lenkt på ordet gogn 'reiskap'. Ein artikkel i Morgenposten i 1930 gav ei stutt skildring av jukse og jukseafiske: «Djupsagn eller «jukse»... er et langt tynt snöre. Til den ene enden har festet et sökk, «jørstein» på 1/6 til 3/4 kilos tyng-
de, og ein 1/2 meter lang fersyn med em

Date of transcript 2015-05-06 Organization number 971 256 729
The Norwegian Coastal Federation – Articles of Association

Paragraph 1 – Name
The organisation’s name is the Norwegian Coastal Federation.

Paragraph 2 – Object
The Norwegian Coastal Federation is a national organisation dedicated to preserving Norwegian coastal culture. The Federation’s object is, in collaboration with other preservers of cultural interests, to reinforce Norway’s identity as a coastal nation.

This will be achieved by
- promoting preservation of the general use of traditional vessels, buildings, facilities and the coastal environment in general
- conducting informational activities to boost understanding of the value of human and cultural traditions for Norway’s coastal history
- maintaining and developing traditions in industry and craftsmanship, seamanship and ways of life
- raising the professional standard of maintenance and safety in the use of vessels and facilities

Paragraph 3 – Membership
Anyone can become a member of the Norwegian Coastal Federation. The Federation has the following membership categories:

Full members
Young members – up to 26 years
Family members

Spouses/cohabitants/partners of full members and their children count as family members.

Members are either affiliated to a local organisation or directly affiliated with the Norwegian Coastal Federation.

On enrolment, members join the local organisation of the area where they live, unless another local organisation or direct membership is stipulated.

Through local organisations or direct membership, institutions, companies and associations can be affiliated and have rights as full members.

The membership magazine is sent out to all full members and young members.

Paragraph 4 – Organisation
The Norwegian Coastal Federation comprises local organisations and affiliated associations and foundations.

Centrally, the Federation is organised through a National Congress, National Executive and Secretariat.

Three or more local organisations can form an official collaboration on a county or regional basis. The above is on condition that an annual report and financial statements are presented within more detailed deadlines.

Locally, the Norwegian Coastal Federation is organised through local organisations.
Paragraph 5 – National Congress
The National Congress is the Federation’s highest authority. The Annual National Congress is held every two years and is convened by the National Executive giving at least two months’ notice. The National Congress is held by the end of April each year.

Composition and representation rights
The National Congress comprises the National Executive and a representative from each of the local organisations. Only members of the Norwegian Coastal Federation can be elected as representatives or deputy representatives of the National Congress. The total number of parties entitled to vote at any one time will vary in accordance with the number of local organisations that have representatives on the National Congress. The National Congress constitutes a quorum in the number of voters that are present.

The Nomination Committee is called to attend the National Congress. The Committee Chairman has the right to speak and move motions during the review of the Nomination Committee’s recommendations.

The National Executive can invite specific individuals to attend the National Congress. The National Congress can resolve to grant the above the right to speak.

Deadlines and review of agenda items
The National Executive establishes the time and venue of the National Congress, and convenes the Congress no later than two months before the date of the meeting. Proposed agenda items are sent to all local organisations together with the notice of the meeting.

Proposed items to be reviewed by the National Congress must have been received by the National Executive four weeks before the meeting.

A full agenda, including agenda documents and the National Executive’s proposed resolutions must be in the hands of the delegates and local organisations no later than 14 days before the date of the National Congress.

Authority and assignments
The National Congress shall review and adopt resolutions for the items that are included on the approved agenda.

The Annual National Congress shall review:
1. The National Executive’s annual report and financial statements for the previous period.
2. Action plan for the next four years
3. Budget for the following period (2 years).
4. Received proposals
5. Elections:
   The National Congress elects:
   1. The Federation Chair
   2. The Federation Deputy Chair
   3. Five National Executive members
   4. Three deputy members in order of priority
   5. Nomination Committee

The National Congress elects a Nomination Committee comprising three members and a deputy member, who propose candidates for the forthcoming elections at the National Congress. Proposed Nomination Committee members are submitted by the National Executive. Members of the Nomination Committee can remain in office for two election periods. One, respectively two, members are replaced at every other Annual Congress.
Constitution
While it is being constituted the Congress is chaired by the Federation Chair. The Meeting appoints: Chair(s), Congress Secretary (Secretaries), Editing Committee, count takers and two people to sign the minutes.

Voting rules
The Congress Chair proposes the method of voting; however, elections must be made in writing if any party requests such. Resolutions are passed with a simple majority. In the event of a tied vote, the Federation Chair shall cast the deciding vote. Amendments to the Articles of Association require a two-thirds majority.

Election to the National Executive requires more than half of the votes cast. If this is not achieved on the first ballot, a second ballot shall be held between the two people who received the highest number of votes. If the votes cast are tied after a second ballot, the election shall be decided by the drawing of lots.

The number of names on voting slips shall correspond to the number of people that are to be elected.

Extraordinary National Congress:
An Extraordinary National Congress is convened giving at least 14 days’ notice when so resolved by the National Executive, or when at least half of the local organisations demand such. The item details and the National Executive’s proposed resolutions shall be sent out with the meeting notice. The Extraordinary National Congress is attended by those representatives who were elected at the last Annual General Congress. The Extraordinary National Congress can only review items that resulted in the convening of the meeting.

Paragraph 6 – The National Executive
The National Executive is elected for two years and comprises the Chair, Deputy Chair and five Board members. Deputy representatives are called as required or when the Federation Chair deems such expedient. The National Executive may itself decide whether others can attend the meetings.

The National Executive convenes as often as the Federation Chairman or three members deem such expedient. The National Executive constitutes a quorum when at least four members are present, including the Federation’s Chair or Deputy Chair.

The National Executive’s authority and assignments
The National Executive is the Norwegian Coastal Federation’s highest authority between the National Congresses.

The National Executive manages the Federation’s work between the National Congresses in accordance with the Federation’s Articles of Association and resolutions of the National Congress.

The National Executive’s remit includes:
- ensuring that the local organisations submit financial statements and an annual report within the established deadlines
- preparing a work plan for the National Executive’s assignments
- appointing a General Secretary for the Norwegian Coastal Federation
- appointing office staff and employees to project positions as required and within stipulated frameworks
- determining the time and venue of the National Congress and convening the National Congress within established deadlines
- submitting proposals for the agenda for the National Congress
- submitting proposed resolutions for items to be submitted to the National Congress
- preparing a proposed budget and work plan for the following two-year period
• preparing proposed guidelines for the business for the next four years, including the Norwegian Coastal Federation’s principal work areas
• establishing/discontinuing work groups and committees as required
• preparing a work description for the Secretariat’s work
• being represented on the various committees as required
• submitting proposals to the Nomination Committee for the National Congress

Paragraph 7 - Secretariat
The Federation has a Secretariat including a responsible General Secretary and personnel as decided by the National Executive. The General Secretary participates in National Congresses and on the National Executive where he/she has the right to speak and move motions.

Paragraph 8 – The local organisations
The local organisations work on local and regional assignments in accordance with the Federation’s statutory objectives. Each local organisation shall have its own Articles of Association, its own board, and present an annual report and financial statements within the deadlines established by the Federation.

Local organisations that fail to deliver an annual report and financial statements by 1 May the following year can, in accordance with the resolution of the National Executive, be denied access to subscriptions until these matters have been rectified.

In particular cases the National Executive can resolve to exclude local organisations that fail to deliver an annual report and financial statements as members of the Norwegian Coastal Federation.

Paragraph 9 – Subscriptions
The National Congress establishes the annual subscription, which shall be graded for full members, young members and family members.
The National Congress determines the allocation of the subscription between central and local levels. Local organisations cannot collect a local subscription.

Paragraph 10 – KYSTEN magazine
The KYSTEN magazine is issued by the Norwegian Coastal Federation and is the official organ of the Federation. The magazine’s activities are managed by an Editor-in-Chief who is employed by the National Executive. The editing organisation’s activities are based on the Federation’s statutory objectives, the agreement between the Norwegian Newspaper Publishers’ Association and the Association of Norwegian Editors and applicable legal provisions and practice governing the production of printed material. The Editor-in-Chief attends the National Congress.

Paragraph 11 – Course and study work
The Norwegian Coastal Federation is a member of the Norwegian Study Association for Culture and Tradition. The study work can be performed under the auspices of the Norwegian Coastal Federation, local organisations or the Study Association. The Norwegian Coastal Federation must at all times comply with the applicable rules on adult education issued by the Norwegian Ministry of Education and Research. The Norwegian Coastal Federation is responsible for ensuring that, at the earliest opportunity, members receive information on changes to rules and legislation governing adult education, for arranging study measures in accordance with applicable rules and instructions, and submitting reports and financial statements subject to more detailed deadlines.

The National Executive is responsible for course and study work at the Norwegian Coastal Federation and employs the necessary consultancy and office help for this work.
Paragraph 12 – Suspension and exclusion
Members who through their conduct or in any other way damage, or contribute to damage, to the reputation and objects of the Norwegian Coastal Federation, can be suspended by the National Executive for varying periods. Notice of the above shall be given in good time stating the reason for the suspension. The suspension can be appealed to the National Congress. The National Congress can, at the proposal of the National Executive, exclude members after assessing all matters that could be of significance.

Paragraph 13 – Other provisions
The Nomination Committee shall strive to secure continuity by ensuring that the entire National Executive is not replaced at the same time.

Elected representatives or deputy representatives for the National Congress must have paid their subscriptions to the Norwegian Coastal Federation by the time of the National Congress.

Efforts shall be made at all times to align the organisational structure with the current situation with regard to the number of members, geographical- and communication-related matters etc. Member groups in a district that includes two or more local authorities can be organised as a local organisation.

No one may, without the consent of the National Executive, use the Federation’s name, contacts or anything else pertaining to its business in a commercial context.

Paragraph 14 – Dissolution
On the basis of a two-thirds majority over two consecutive years, the National Congress can resolve to dissolve the Norwegian Coastal Federation.
If a motion to dissolve the Federation is adopted, the Norwegian Coastal Federation’s funds shall be utilised in such a way as to secure maximum possible compliance with the statutory objectives.

Paragraph 15 – Validity of the Articles of Association
These Articles of Association were last revised by the 2015 National Congress
The Articles of Association enter into force from 11 April 2015.

Established the 14. of September 1979

KYSTEN – a federation for the protection and use of historical vessels and coastal environment.

After a long period of planning, the Boat-Club and Association for historical sailing vessels was merged and became "KYSTEN – a federation for the protection and use of historical vessels and coastal environment," the 14. September 1979.
KYSTEN – forbund for bevaring og bruk av eldre fartøyer og kystmiljø

Interimsstyret ved Tryggen Larsen refererte innkalling og dagsorden. Til behandling forelå:

- forslag til felles vedtekter,
- forslag om felles kontingent for 1980,
- forslag om felles navn og symbol,
- forslag til medlemmer av styre og utvalg,
- eventuelt.

Som ordfører ble utpekt Tryggen Larsen.

Revisor: Olle S. Lissand.
Finansvalg: Trond A. Svensson, Arne Gjøen, Kristian Qvale.
Valgkomité: Erik Riedstrøm, Thoralf Qvale, Ien Godal.

Under eventuelt ble spørsmålet om lokallag for Oslo-området diskutert. De tilstedeværende sa det ønskelig at et slik lokallag ble dannet.

Marken som er laget til det nye forbund - en jakt.

I forbindelse med forslaget til felles vedtekter var det kommet inn en rekke endringsforslag:

Det ble også vedtatt at formannskapet skal velge kasserer og vedlikeheter ble endret i henhold til dette.

Også en rekke andre endringer var blitt foreslått og ble referert. De ble ikke vedtatt.

Under «felles kontingent for 1980» ble det foreslått at elever i grunnskulen, studenter og utøvere skal betale halv kontingent, alternativt at elever i grunnskulen skal betale halv kontingent. I det siste forslag ble vedtatt med formannens egenesenser.

Forbundskontingenten for 1980 ble ellers fastsatt til kr. 40,- for vanlige medlemmer og kr. 100,- for firma-medlemmer.

Spørsmålet om felles navn og symbol utløste langvarig debatt. Førstegangen ble det slutt vedtatt: «KYSTEN – forbund for bevaring og bruk av eldre fartøyer og kystmiljø».

Ordføreren toklet ellers forslagene slik at det var flext for «jakt» som passende symbol, gjømme eventuelt samarbeid med et trykmotiv.

Valget av medlemmer i styre og utvalg fikk følgende resultat:

Formann – Tryggen Larsen,
Kasserer – Kristian Qvale,
Styremedlemmer –
Jan C. Rosenlund,
Fredrik Larsen,
Arne Knutsen,
Trond A. Svansson,
Pål Bjelder,
Otto T. Engvig,
Kolbein Dahle.

Marken som Forening for bevaring av eldres selfartøyer brukte i noen år. Det overtas nå av den kommende Oslo-foreningen.

For bevaring og bruk av eldre fartøy og kystmiljø
Forbundet KYSTEN verner norsk kystkultur

- Syntetisere vår identitet som kystfolk
- Fremme bevaring og bruk av tradisjonelle fartøy, bygninger, anlegg og kystmiljø.
- Samarbeide med andre kulturminnesmæssige

Forbundet KYSTEN ble stiftet i 1979 for å reise vår flytende kulturarv. Varen og bruk av tradisjonelle både og fartøy er viktige for oss i dag, og vi trenger en sterkere organisering. Forbundet har vært med i mange prosesser og arbeider med å vernet av våre kystmiljøer og kulturrer vi har.

Kystkulturen er truet

Kystkulturen har i lang tid vært en støtteregulær behandling innen kulturminnesvaret. Den utviklingen gir forbundet KYSTEN noe med. Organisasjonen arbeider for å vernet av både og fartøy blir tatt vare på og vedlikeholdt. Vi er i gang med å gjøre dette.

Storbåtnaustet på Vegstein

Området rundt naustet er og har blitt mye brukt til badning og rekreasjoner. Selv om naustet brukes blant annet av Vega kystlag til lagring av tradisjonshåver, kystlaget opplever naustet som et viktig element i formidling av gamle byggetradisjoner og kystkultur. Ved å verne om naustet ønsker kystlaget å gi barn og unge viktige og gode opplevelser fra sjø og kystkultur.

Sjølaksefiske med kilenot

Gjennom mange generasjoner har sjølaksefiske vært viktig for selvbergingen langs Norges kyst. Kystlaget Trondheim ønsker å løfte fram denne delen av kystkulturen og kystbefolkningens rettigheter i samfunnet, og av lønnsomt om sjølaksefisket.

Sjølaksefisket er et eksempel på immaterielle kulturelle erfaringer som holdes i be hold av et mindre antall fiskere langs kysten. Det er ikke mange som fremdeles behersker tradisjonelle metode, sjølaksefiskerne deres fiskeerfaringer er under stort press fra sportfiskere og elvenside som samtidig med konfliktene forloper også at sjølaksefisket vil fordel for elvenside.

Kystlaget Trondheim ønsker å løfte fra kystkulturen og kystbefolkningens rettigheter i samfunnet og samtidig legge til rike for formidling av kunnskap om sjølaksefisket. Kystlaget har i samarbeid med sjølaksefiskere i Trondheimsfjorden og No Grunneir og Sjølaksefiskerlag aktivitet og hjelper med å oppbevare leveomtalt og å skape for både sjølaksefiskere.

**MS Brand**

Romsdal Kystlag har igjen flere år bidratt med utallige dugnadstimer på «Brand» og er nå fiskeskøyta klar til å bli brukt båten i sin helhet. MS Brand har status som «overleveringsskip», og har Morde som sin hjemmehavn.

**Båtdraging i Bjørk**

Båtdragings heng saman med båtbygging. Begge deler er tradisjon på Bjørkedalen i Volda. Då båten var ferdig bygd måtte han fraktast til fjorden, og det sto sjov å sees om å få båtene fra båtseknik til sjøen var hardt arbeid. Det var døgnet og samarbeid.

Historia i begge i tanet for nedover skuelde.

På 1870- og 1880-tallet, var det vengetrivelig, men innenfor sjøen på Væhø.

Det vert vorte mange som ikke er klar til å handle práfjorden. Bjørkedals veg og biljobsa som ingen.

**Barking**

No skjer impregneringa av tauverk, seil, dug og fisketarm med fiskemiddel, og kunststoff har erstatning naturfiber. I Hornelen kystlag har jegn gjennom arbeidet.

Lars Ove Rylandsholm fra Hornelen kystlag i gang med å fiske bakk.

Historia om han som brede av seg huda i begge handflatene då han skulle halde i tauet for å halde sjøen båten den siste nedoverbakken, vert framleis forstådd. Det skjedde sikkert i meiner enn ein gong.

På 1870-talet løyde Stortinget midlertid til veg, bru og båtveg, det var ein stor framtidskritt. Brua vart dessverre øydelagt i ei veggutbetinging i nokre år sidan. Men den gamle storebåtvegna som ein vognmakar på Yttingasnes bygde, er framleis intakt.

Det vart framleis bygga båt på Bjørkedalen, båtane må frakast ned til fjorden og er en viktig del av tradisjonen. Bjørkedal kystlag har arbeidet for å dokumentere båtdraging, hele transportprosessen frå båtskota til fjorden, inkludert historia om korleis bjørkedalingane lek, skatte og svinging til båtvegen, veg og bru på 1870-80-talet. Kystlaget har og jobbe med vidareføring av kunnskap gjennom dokumentering og praktisk deltakelse.
**Grindbygging**

Grindbygging, eller stavbygging, har vært en vanlig byggeomme for uthus i lange tider. Det er utbredd fra Rogaland i sør til Romsdalen i nord.

I hoveddel i konstruksjonen består av en opprett grind, som består av to stav, en stiftørkling og to skråbånd. I lengdretningn forbinde grindene med hverandre med en langgående hjelde på hver side av bygget og skråveste med flere hamre i sør til Romsdalen i nord.

**Sognebåten**

Sognebåten høyer til midtveistadskapene i Norge, helmevryrande rundt Sognefjorden. Typiske detaljer er et smått og slankt skrog, skjeggleip og året i furunføroet med avvind av overside. Skroget er gjerne bygd av fire bordet og furu på furen.

Det er nesten ingen igjen som har kunnskap om bygging av sognbåte, dersom han har det må det å redde denne kunnskapen. Indre Sogn kystlag arbeider spesielt for å ta vare på sognbåten. Dette engasjerer det omfatter både arbeidet med å feste vikare kunnskapen om bygging og bruk av sognbåtar. Kystlaget har sett i gang arbeidet med å utvikle sognbåten og å drive skole og kurs på furen.

**Skjelanger fyrstasjon**

Holmøy Kystlag har siden våren 2013 disponert et maasst som tilhører det nedlagte fyllet, det er for øvrig den eneste bygningen som står igjen i dag. Sjøhuset er bygget med tykke vegger i tørrmur, og det tak

**Leirøya kystlag**

Leirøya kystlag ble opprettet i 1990, har rundt 150 medlemmer i hele fylket. Kystlaget arbeider med bevanning av norske kystlinjer, med å plassere kunnskaper og temnedier for å forhindre begynnelsen av særlovene.

Leirøya kystlag har i flere år fokusert på bygging og bruk av sognbåter. Resten av benevrenhetet er en del av denne vestnorsk byggingsteknikk.
Ringbrenning

Ringbrenning er en tradisjonell metode for vedlikehold av fortøyingsringer. Fortøyingsringer, -påler og -bøyer var tidligere en svært viktig del av infrastrukturen langs kysten.

Lindesnes kystlag har satt i 2011 i gang et vedlikeholdsprosjekt av tre fortøyingsringer fra seteskruten på tradisjonelt vis. Ringene på Havreøy/Virøy i Lindesnes hadde tidligere blant annet vedlikehold av dykkedubben i Mandal, men hadde de siste årene ikke blitt tatt vare på. Dette bar de tydelige preg av, de var stadig rustne. De tre fortøyingsfestene kalles krysset med ring. To har riksvæpninger festet i krysset, den tredje har det ikke. En forklaring kan være at: to var statlig eid og det tredje privat.

Oppi skjermen ble det fyrt opp bål som brant i ca. 2 timer, slik at ringene var gode og varme. Deretter blir ringene innsett med de ulike blandingene: ett med tå linolje, ett med tjære og ett med blanding av linolje og tjære.

Den nordiske klinkbygde båten

Landsstyret i Forbundet KYSTEN har valgt den nordiske klinkbygde båten som forbundets kandidat til kampen. Adopasjonen omfatter både båtene som fysiske objekter og kunnskapen om bygging og bruk av båtene, det vil si den immaterielle dimensjonen.

Den vanligste definisjonen på at en båt er klinkbygd referer til selve konstruksjonsmetoden som beskriver båttypen med at underkantene av de overrinnende plankene stikler ut over kanten av de underliggende plankene og at bordgangene overlapper hverandre langs kantene vedtatt nedover. Teknikken som fører bordene sammen kalles også "klinkbygging" fordi de overlappende plankene tennes sammen med vedgynnelse eller med tre-jern eller kobbermagler.

Fler av de klinkbygde båttyper representerer kunnskapstradisjon som er utviklet lokalt gjennom mange hundre år. Får, vi kan si at den klinkbygde båten har en historie som strekker seg minst to tusen år tilbake.
**klinkbygde båten**

Kalles også "klinkbyggning" fordi de overlappende plankene enten er sammenbøyd ved sying eller med tre-jern- eller kobbermøgler.

Flere av de klinkbygde båttypene representerer en kunnskapsstridsjøn som er utviklet lokalt gjennom mange hundre år. Ja, vi kan si at den klinkbygde båten har en historie som strekker seg minst to tusen år tilbake.

UNESCO-konvensjonen om immateriell kulturarv i Norge

Programmet var satt opp i samarbeid med Rådet for folkemusikk og folkedans Rff.

Her finner du presentasjonene fra bidragsyterne den 2. desember.
- Innledning til seminarret ved Elivnd Falk, NHU
- Om implementering av konvensjonen ved Beate Strøm, AEMU
- Konvensjonen, folkemusikk og folkedans ved Egil Bakka, Rff
- Konvensjonen og håndverket ved Elisvind Falk, NHU
- Konvensjonen og de frivillige ved Nanna Jacobsen, Norges Hustilslag
- Rff presenterte Bygda Dansar ved Egil Bakka, Narte Frihetsli og Sigurd Heide
- NHU presenterte sitt prosjektarbete
- Duodji og konvensjonen om immateriell kulturarv ved Inga Hermansen Hætta, Duodjearistituuttu.

Program 3. desember
Etter en introduksjon fra Egil Bakka vedrørende registrering av immateriell kulturarv, fikk seminardelegatene mulighet til å framlese småbitter på dette. I denne mediayen ble følgende temaer presentert:
Tore Friis-Olsen, Forbundet KYSTE. Om de frivillige organisasjonene med utgangspunkt i kystkultur og forbundet "Kysten".

Kjell Magnus Øland. Om bygging og bruk av åpen båt med utgangspunkt i Oselvaren.

Jørn Bohlmann, Høgskolen i Sør-Trøndelag. Om verftsinndustrin med arbeideren i sentrum.

Torge Planke, Norsk Sjøfartsmuseum. Om historiske nedtegnelser og bygging av Sognebåt.

Jon Fredrik Skauge. Om eldre sprengteknikker og rekonstruksjon av duker.

Torveig Dahl, Valdresmusea AS. Om tradisjoner knyttet til mat, bunader og røtterliv i Valdresregionen.

Solveig Grinde, Norges Hustilslag. Om eldre kjøttete og ukjente teknikker innen håndarbeid, og vevning.

Mona Løkting, Norsk folkedraktforum. Om videreføring av norsk tradisjonshåndverk.

Inga Hermansen Hætta, Duodjejistituuttu. Om å ha spesifikt fokus på duodji som holhet og som regionalsive dialakter.

Ellen Mette Nielsen, Fleettev. Om fleetteverg generelt og bruk av bl.a. pill, silv og basit i produksjonen.

Dag Feldeborg, Høgskolen i Telemark. Om stoler med utgangspunkt i tre ben, som arbeids- og satsstoler.

Narte Frihetsli og Sigurd Heide, Rff-sentret. Om å rekonstruere dansarter ut fra
dokumentasjon og film. Utøvende dansing.

Øystein Elgasslien, Stiftelsen Gøtthåbmuseet. Om gøtthåben fra Møre med
bakkrom i opptakninger og dokumentasjon.

Elvind Falk, NHU. Om det tradisjonale Mjasfisker.
Råseilseminaret

Av Tone Friis-Olsen

Forbundet KYSTENs råseilseminar er et ambulerende fagseminar hvor fagmiljøet studerer tradisjonelle bruksbåter. Seminaret fungerer som dagsaktforskning. Seminaret er det fremste møtestedet for alt fra lokale kystlag, enthusiaster, kulturvernere og museer til de beste råseilerne, håndverkerne og forskerne på feltet.

Application to inscribe Nordic clinker boat traditions on UNESCO’s List of the Intangible Cultural Heritage of Humanity

The Norwegian Coastal Federation, the Nordic Coastal Culture network, local boatbuilders and other signatories from all the Nordic countries to this letter, hereby inform their countries’ respective cultural authorities that they are well underway with the process that will result in a joint application to have Nordic clinker boat traditions inscribed on the UNESCO’s Representative List of the Intangible Cultural Heritage of Humanity (ref. Article 15, UNESCO’s Convention for the Safeguarding of the Intangible Cultural Heritage).

Nordic clinker boat tradition

The history of clinker built boats in the Nordic region stretches back at least two thousand years. The clinker built boat has, throughout its history, been a vital tool for fishing, freight, farming and shipping throughout the entire Nordic region. The clinker boat tradition is an essential part of our shared Nordic cultural history, and we consider it to be extremely important to preserve these traditions for posterity.

Traditional boat builders, associations and museums are continuing to pass on knowledge about building practices and use. The traditions live on in some places, while they risk disappearing in others. Practical knowledge of using the boats is passed on through activities such as excursions, regattas and other outdoor leisure activities. Voluntary organisations and museums are actively working in areas including practical training, dissemination and documentation.

An ever-increasing number of traditional boat builders are reporting dwindling contracts. They, and we, are concerned that boat building expertise might disappear if we do not jointly take steps to safeguard this part of our intangible cultural heritage.

The Nordic Coastal Culture network is a partnership of voluntary organisations and museums, who are working together to preserve our Nordic coastal culture – primarily cultural monuments and cultural heritage. That is why we are now starting to prepare this application for a listing in accordance with UNESCO’s Convention for the Safeguarding of the Intangible Cultural Heritage. There is a need for a coordinated Nordic plan to facilitate the continuation of the traditions, and our joint application is an opportunity to prepare such a plan. The application will encompass clinker construction traditions relating to both building (as a craft) and practical use. We aim to submit the application during 2015. The Coastal Federation in Norway will coordinate this work.

On page 2 of this letter, we have listed all of the supporters of work on this application along with the people who will be collaborating on its preparation.

Nordisk samarbeid om verdensarv

Av Tore Frie Olsen, Forbundet KYSTEN

Forbundet KYSTEN og netwerket Nordisk kystkultur samarbeider om å sørge nordisk klinkbåtradisjon inn på UNESCOs representativ liste over menneskehetsens immaterielle kulturarv. En viktig tradisjonsbåtbyggere, museer og organisasjoner i hele Norden står samlet bak søknaden.

På samme måte som i Norge, står klinkbåtradisjonen i fare for å forsvinne i hele Norden. Ja, i vekkeregioner har kunnskapen forsvunnet helt. Den nordiske klinkbåtradisjonen er en del av vår felles nordiske kulturhistorie og representerer en verdensarv å ta vare på. Derfor mener vi at kunnskapen om bygging og bruk av disse båtene bør inn på UNESCOs liste.

Sidesitter materiell og immateriell kulturarv

Verdensarvkonvensjonen har vært debattert og kritiseret siden den ble vedtatt. Kritikere har påpekt at UNESCOs tilnærming på kulturfeltet har vært sterkt preget av et eurosentristisk kultursyn med ensidig vold på fysiske kulturminner.

Immaterial klinkbåtradisjon

Hvis klinkbåtradisjonen kommer inn på UNESCOs liste, vil det være en viktig bilag i arbeidet med varemåling og videreføring av immateriell nasjonale og europeisk kulturarv og kulturminner som viktig del av Norges historiske, kulturelle og kulturhistoriske røtter.

**Immatriell oselver**

UNESCO opanerar med tre ulike lister over immateriell kulturarv:

1) representativ liste over menneskehetens immaterielle kulturarv
2) liste over immateriell kulturarv med unikkelærbar behov forvern ("urgent safeguarding")
3) programmer, prosjekter og aktiviteter for vern av den immaterielle kulturarven ("best practice")

Konvensjonen er dermed et svært viktig instrument i vårt arbeid for å ta vare på kystens kulturarv.

Forbundet KYSTEN har arbeidet aktivt med UNESCOs konvensjon om verda av den immaterielle kulturarven siden Norge ratifiserte den. Sammen med andre kulturarvorganisatorer har forbundet lagt vekt på å skape forståelse for at sivilsamfunnet og de frivillige kulturarvorganisasjonene er sentrale basare av lokal kulturarv. Vi må derfor inn i arbeidet med oppfylgningen av konvensjonen. I konvensjonens artikel 12 heter det at forretningspartiene, i vår sammenheng norske kulturarvorganisasjoner, skal gi myndighetene en rekke verneforløp med "ideofisk av lokale samfunn, grupper og relevante ikke-statlige organisasjoner".
